

DRIVER COVER DEALER WARRANTY

WARRANTY PROMISE

The supplying dealer promises to repair or replace any listed covered component which suffers mechanical or electrical failure. As a customer you have legal rights under statute when a problem arises and this warranty does not limit those rights. Guidance and further information on your statutory rights may be obtained from your local Trading Standards Office or CAB.

TO MAKE A CLAIM

If You consider You have a claim, DO NOT proceed with repairs until the claim is authorised by the Administrator. If the Vehicle shows signs of an imminent failure, DO

NOT continue to use it. This may aggravate the problem and cause greater damage, for which We will not be liable.

Take the Vehicle back to the Supplying Dealer and ask them to find the cause of the problem and check whether it is included under this Warranty; The Supplying Dealer must then call the Administrator on 0333 9874020 to obtain claims authorisation.

You must report any potential claim as soon as quickly possible, but no later than 7 days after the incident leading to the claim.

To obtain claims authorisation You will need:

- (a) Your name and Warranty Number;
- (b) the nature of the claim;
- (c) an estimate of the total cost of the repair;
- (d) the Vehicle's current mileage; and
- (e) an indication of the Vehicle's service history.

You may have to provide the Administrator with proof of servicing before a claim will be settled under this Warranty.

The Administrator may authorise repairs immediately, call for other estimates, investigate the claim further and/or appoint an independent assessor to inspect the Vehicle.
