1 Understanding Your Warranty

This Lawdata Warranty consists of:

- 1.1. the Warranty Terms and Conditions;
- 1.2. the Warranty Certificate; and
- 1.3. any additional endorsements.

This Warranty has been arranged by Us, the Supplying Dealer issuing this Warranty to You, and is administered by LAMP Services Limited, Maxet House, 22 Lansdown Industrial Estate, Gloucester Road, Cheltenham, GL51 8PL.

This Warranty is designed to protect You against the sudden and unexpected Mechanical Failure of electrical or mechanical components of the Vehicle, during the Warranty Period. The extent of the Warranty depends on Your Benefit Level – Elite and whether or not the 'Boost' option is included in Your Warranty. Please see Your Warranty Certificate and the corresponding pages of 16-17 of this document for further details. We will provide a repair or replacement up to the Claim Limit per claim only and only one claim may be made in respect of any particular component. We will only repair or replace up to the Vehicle's market value (at the point of claim) in aggregate of all claims.

2 Important Information

It is important that You read these Warranty Terms and Conditions carefully and make sure You understand them as they set out the requirements of Your Warranty. If You do not fully comply with the Terms and Conditions it may jeopardise Your Warranty or a claim made under it.

You are protected from the Start Date of the Warranty Period set out in Your Warranty Certificate. Your Warranty Certificate, these Warranty Terms and Conditions and any endorsements show what is included and also what is not included; please ensure You keep them in a safe place so You can read them again if You need to.

If You find that this Warranty is not suitable for You or that there is anything that You do not understand, please contact Us. Please refer to section 13 'Cancellation' of these Warranty Terms and Conditions if You wish to cancel the Warranty.

The information You provide as part of the application for this Warranty forms part of the contract between You and Us, and any changes to such information must be immediately notified to the Administrator. Your Warranty is validated by the issue of a Warranty Certificate, containing Your Warranty details and providing Your Warranty Number.

Upon a valid claim for a Mechanical Failure of an included component, We will provide or arrange a repair or replacement of that component. Benefit is provided for parts and labour costs up to hourly labour rate shown in Your Warranty Certificate, plus VAT. Please note there are general exclusions which apply to all Benefit Levels, as set out in section 5,

and also exclusions specific to each Benefit Level, as set out in the appropriate section for that Benefit Level. You may make more than one claim during the Warranty Period, but each claim is subject to the Claim Limit and We will only repair up to the Vehicle's market value (at the point of claim) in total aggregate of all claims. We shall only provide benefit once for any particular part or component during the Warranty Period.

You must obtain authorisation from the Administrator before any repairs are commenced.

6 Servicing Standards and Record

6.1. You are solely responsible for providing proof that the relevant service and timing belt schedules have been fully complied with. In order that this Warranty is not invalidated, You must ensure that the Vehicle is serviced by a VAT-registered garage (preferably the Supplying Dealer).

6.2. Servicing options

- (a) If Your Vehicle has a service book detailing a full service history from new, in line with the manufacturer's recommendations, then Your Vehicle should continue to be serviced by a VAT-registered garage in accordance with the manufacturer's recommendations for the specific make, model and age of Your Vehicle. Please ensure that You are fully aware of the manufacturer's recommended service intervals for Your particular make, model and age of vehicle.
- (b) If Your Vehicle does NOT have a service book detailing a full service history from new but a pre-delivery service and PDI were carried out, You can then have Your Vehicle maintained in line with the manufacturer's recommendations. You may be required to produce evidence of the PDI/service in the event of a claim.
- (c) If Your Vehicle does NOT have a service book detailing a full service history from new and a pre-delivery service and PDI has NOT been carried out, You will be required to have Your Vehicle serviced by a VAT-registered garage 6 months or 6000 miles from the date of purchase/mileage at purchase, whichever is sooner. Thereafter, You must have Your Vehicle serviced in line with the manufacturer's recommendations.

6.3. On all the above options, We will allow a maximum of 1,000 miles or 4 weeks' leeway on either side of the stipulated time, whichever occurs first.

6.4. The only acceptable proof of servicing is fully detailed original VAT invoices from a VAT-registered garage; You may be asked to provide these in the event of a claim.

6.5. New Vehicles: during the manufacturer's warranty please ignore the servicing schedules shown above and only service the Vehicle in line with the manufacturer's recommendations.

6.6. Failure to service the Vehicle in accordance with this requirement may mean that We will refuse Your claim where it is highly likely that the lack of servicing has materially contributed to the Mechanical Failure.

7 Claims Procedure

7.1. If You consider You have a claim, DO NOT proceed with repairs until the claim is authorised by the Administrator.

7.2. If the Vehicle shows signs of an imminent failure, DO NOT continue to use it. This may aggravate the problem and cause greater damage, for which We will not be liable.

7.3. Find the cause of the problem and check whether it is included under this Warranty; this may involve taking the Vehicle to a VAT-registered garage and asking them to diagnose the problem. If the Supplying Dealer does not have repair facilities, please contact the Administrator on 01242 341075 for details of an Authorised Repairer.

7.4. You must report any potential claim as soon as reasonably possible, but no later than 7 days after the incident leading to the claim.

7.5. Your repairer must telephone the Administrator on 01242 341075 and obtain a claim authority number prior to any work being carried out. At that time the Administrator will need:

- (a) Your name and Warranty Number;
- (b) the nature of the claim;
- (c) an estimate of the total cost of the repair;
- (d) the Vehicle's current mileage; and
- (e) an indication of the Vehicle's service history.

7.6. You may have to provide the Administrator with proof of servicing before a claim will be settled under this Warranty.

7.7. The Administrator may authorise repairs immediately, call for other estimates, nominate another repairer, investigate the claim further and/or appoint an independent assessor to inspect the Vehicle.

7.8. When repairs are authorised a claim authority number will be given. Please note any admission of liability is conditional upon the Terms and Conditions of this Warranty

having been adhered to (for example, the servicing requirements under section 6 'Servicing Standards and Record').

7.9. On completion of repairs, please send the repairer's invoice and corresponding documents (including evidence of the service history, including invoices, if requested) to the Administrator, quoting the Warranty Number, claim authorisation number and details of who to pay.

7.10. Authorised repairs not claimed for within 90 days will not be valid.

8 Claims Conditions

8.1. We will not be liable for any claim, repair or replacement if You do not report the Mechanical Failure as required in accordance with these Warranty Terms and Conditions.

8.2. We will not be responsible for the cost of diagnosis, and We will not pay for any stripping down of the parts to determine the cause of the failure unless We accept the claim.

8.3. We reserve the right to examine the Vehicle and/or subject the Vehicle to an independent assessment, at Our expense, the result of which will be binding on all parties.

8.4. We reserve the right to nominate the repairer.

8.5. If, following specific arrangements for inspection, and through no fault of Our own, the engineer cannot inspect (for example, because the Vehicle is not available or is not stripped etc.) We will deduct fees for the second inspection visit from the authorised amount of the claim.

8.6. If anybody is to repair or replace any part included against Mechanical Failure under this Warranty they must first telephone the Administrator to obtain approval for the work and to agree any costs for which We are to be responsible.

8.7. Labour costs will be restricted to Our maximum agreed labour rate (as stated on Your Warranty Certificate).

8.8. If the part is beyond economic repair, the Authorised Repairer may replace it with a similar part.

8.9. Any reprogramming time required following a repair or replacement of an included part will be limited to a maximum of 1 hour at the maximum hourly labour rate shown.

8.10. All work must be carried out within 30 days of reporting a fault to Us/Our Administrator.

8.11. The most We will repair up to in total per claim is the Claim Limit shown on Your Warranty Certificate.

8.12. We will only repair up to the Vehicle's market value (at the point of claim) in aggregate of all claims.

8.13. We will not provide any benefit for local tax if the repair is completed outside of Great Britain.

9 Betterment

9.1. Where the Vehicle will ultimately be in a better condition or enjoy a better value once repaired than it enjoyed immediately prior to the Mechanical Failure, We reserve the right to require a contribution from You towards the cost of the claim.

9.2. The Betterment contribution required from You will be applied to the cost of parts and labour (including VAT), according to the mileage at the date of claim:

Mileage	Betterment Contribution
0-69,999 miles	No contribution required
70,000-80,000 miles	10%
80,001-90,000 miles	15%

120,001-130,000 miles	40%
130,001-140,000 miles	50%
140,001-150,000 miles	60%
150,000 miles and above	70%

10 General Conditions

10.1. The Vehicle must have a minimum of three months remaining on a valid MOT certificate at the Start Date of the Warranty Period as well as being taxed and legal for use on the public highway.

10.2. We shall not provide any benefit under this Warranty until any payment due for this Warranty has been made in full.

10.3. You must comply with all the Terms and Conditions of this Warranty before any claim under this Warranty will be validated.

10.4. You must take reasonable care and take all reasonable precautions to prevent and/or minimise any loss or damage to the Vehicle or any claim under this Warranty. You must keep the Vehicle in an efficient and roadworthy condition and regularly service it in accordance with the guidelines set out under section 6 'Servicing Standards and Record'. You must allow Us free access to examine the Vehicle.

10.5. Any claims shall be made in accordance with section 7 'Claims Procedure'. If You receive any monies (whether from some other insurance, or any other third party) in respect of which You have received benefit under this Warranty, these monies shall be paid forthwith to Us.

10.6. We have the right to specify the use of warranted reconditioned or exchange units, and Our liability will be limited to the cost of these parts. You should be aware that the use of warranted reconditioned or exchange units may affect any manufacturer's warranty upon the Vehicle, and it is Your responsibility to ensure that You do all such things as may be required by the manufacturer to keep Your manufacturer warranty valid. We take no responsibility for any impact this Warranty or the use of warranted reconditioned or exchange units may have on the Vehicle's manufacturer warranty.

10.7. If the Administrator gives provisional authorisation for repairs, We will assess repair times in line with the Autodata manual current at the time. We will not pay more than the manufacturer's list price for parts or the recommended retail price of aftermarket or reconditioned parts, whichever is the lesser amount.

10.8. If We accept a claim We have the right:

- (a) to require a contribution from You if the repaired Vehicle will ultimately be in a better condition than before the claim; and
- (b) to take Wear and Tear into consideration when settling the claim (subject to section 9 'Betterment', and whether You have the optional 'Boost' benefit).

10.9. This Warranty is limited to a Mechanical Failure of each included part on only one occasion during the Warranty Period.

10.10. If more than one included part has failed at the time You contact the Administrator, it will be dealt with as one claim.

10.11. If You are VAT registered, the VAT element will not form part of any claim against Us.

10.12. Upon validation of a claim, We shall be subrogated to:

- (a) all Your rights of recovery of the sums included therein;
- (b) all Your rights, title and interest in, and right to receive payments of all or part of the claim.

10.13. We shall be entitled to apply the principle of rateable proportion to the cumulative value of loss under this Warranty, should another policy of insurance, warranty or guarantee protecting You be in existence.

10.14. This Warranty is not assignable or transferrable to anyone else except in accordance with section 15 'Transferring Your Warranty'.

11 When This Warranty Will Cease

11.1. This Warranty will cease upon the earliest of:

- (a) the expiry of the Warranty Period shown on Your Warranty Certificate;
- (b) the Vehicle being sold, unless You transfer Your Warranty as per section 15 'Transferring Your Warranty';
- (c) Your or Our cancellation of Your Warranty;
- (d) if there is a change of, or change in use of, the Vehicle such that it no longer complies with the Terms and Conditions of this Warranty;
- (e) when the aggregated value of claims in any Warranty Period has reached the market value (at the point of claim) of the Vehicle;
- (f) where the Claim Limit has been reached in respect of a particular claim (benefit shall still apply in respect of subsequent claims subject to the Claim Limit and clause 11.1.e. above).

12 Fraud, Misinformation and Misrepresentation

12.1. If a claim under this Warranty is fraudulent in any respect, or if fraudulent means are used by You or anyone acting on Your behalf to obtain, or to obtain benefit under, this Warranty, or if damage is caused by Your or the third parties' wilful act or default, all benefit will be forfeited. We will not return to You any payment You have made.

12.2. This Warranty may be voidable at Our discretion in the event of misrepresentation of any facts relevant to a decision by Us as to whether or not Your Vehicle should be protected. You must take reasonable care to answer Our questions fully and accurately and You must take reasonable care to ensure that information You provide is not misleading.

12.3. In the event that this Warranty is voided We will not return to You any payment You have made.

13 Cancellation

13.1. If You find that this Warranty does not meet Your needs, please contact Us.

13.2. If You choose to cancel this Warranty outside of the initial 14 days, We will not refund any payment made by You.

13.3. We may cancel this Warranty if there is a change in the law or regulation or if, due to such change, We are unable to continue to provide benefit, by giving 14 days written notice to You. We will provide You with a pro-rata refund of any payment made by You, proportionate to the unexpired period of the Warranty.

13.4. There will be no refund for any cancellation by You or Us if You have made a claim.

14 Change in Circumstances

14.1. You must, as a condition of this Warranty, immediately notify the Administrator about any changes during the Warranty Period to the details that You provided to Us for this Warranty (including, but not limited to, if You change Your address or if You no longer have the Vehicle in Your possession). Please remember that if You do not inform Us of any changes, it may affect any claim that You may wish to make under this Warranty.

14.2. We shall not change the Terms and Conditions of this Warranty without notifying You in writing first. We may need to change the Terms and Conditions of this Warranty because of a change in the law or to regulations.

15 Transferring Your Warranty

15.1. We may transfer, charge, mortgage, subcontract or deal in any other manner with all or any of Our rights or obligations under this Warranty but this shall not affect Your rights or benefit under the Warranty. You may not transfer or assign this Warranty except as set out in this section.

15.2. This Warranty only applies to the Vehicle and is not transferable to any other. The Warranty ends if You dispose of or sell the Vehicle, unless You make a valid transfer of the Warranty to the new owner within 7 days of the sale.

15.3. This Warranty can only be transferred to a private individual, who first agrees to be bound by these Terms and Conditions, by sending a completed "Transfer of ownership" form, together with the transfer fee of £25.00, to the Administrator. If, in the event of Your death, ownership of the Vehicle passes to an immediate relative, the Warranty will automatically continue for the benefit of that person.

15.4. You should send the transfer request by recorded delivery to the Administrator, and include the transfer fee, Your Warranty documents, proof of sale of the Vehicle and all service documents.

15.5. Transfer can only occur if Our recommended service schedule has been complied with since the original Start Date of the Warranty, and is subject to approval by Us/Our Administrator. Once the fee is paid and the transfer is completed, benefit is reinstated for the unexpired term of the Warranty.

16 Customer Enquiries and Complaints

16.1. We aim to provide a first class service at all times. The Supplying Dealer should be able to address any issues or cause for concern You may have regarding the sale or provision of this Warranty in the first instance, and will be able to provide You with a copy of their complaints procedure.

We or Our Administrator may take proceedings in Your name at Our expense to recover any sums incurred under this Warranty from a third party. You shall execute and deliver all documents and instruments and do whatever is reasonably necessary to secure subrogation and all other recovery rights for Us upon validation of a claim. You shall do nothing to prejudice Our rights.

18 Waiver

No failure or delay by You, Us or Our Administrator to exercise any right or remedy provided under this Warranty or by law shall constitute a waiver of that or any other right or remedy, nor shall it preclude or restrict the further exercise of that or any other right or remedy. No single or partial exercise of such right or remedy shall preclude or restrict the further exercise of that or any other right or remedy.

19 Severance
